SPRING/SUMMER 2016

Detailed linesheet with prices

SIDE PARTY

Our London/Seoul creative team is back with a second collection. For SS16, we went full-on anachronistic, with one image in mind: Jane Birkin - circa 1969 - hangs out in the back streets of modern Seoul and mixes her own things with a bit of K-fashion.

Still culturally confused, relaxed and fun, our Side Party carries on with pieces with no other purpose than to make you look totally cool.
